

ROOMFLOW

RoomFlow Quick Start Guide

A simple launch checklist for properties.

Status: Pilot Version - 2026

1. Confirm Property Setup

Verify the property name, room count, location, and launch mode in the RoomFlow portal.

2. Connect Stripe

Complete Stripe onboarding so digital tips can be processed and payouts can be configured.

3. Download QR Assets

Open Operations, select a room, and download room-specific QR cards or use the property asset package for bulk materials.

4. Place QR Cards

Place QR cards in approved guest-facing locations such as rooms, welcome materials, or front desk areas.

5. Communicate to Staff

Let housekeeping or cleaning teams know that guests may leave digital tips by scanning the QR cards.

6. Export Reports

Use the Reports section to review completed tips and export data for the Property's existing distribution process.

7. Support

For setup support, contact RoomFlow at info@roomflowhq.com.

Note: This template is provided for operational readiness and should be reviewed by qualified legal, tax, and payments counsel before broad commercial use.
